You Honor

Here in this contract on the page 21 and 32
where does it say that Marie Adler could infringe my copyright?
Or on any other page? And although I did sign this contract,
nowhere does it say that I transferred my copyright to Marie Adler.
Also, if you read on the first page of the contract that I signed, it says:
that I sign it to Adler & Associates Entertainment, INC. and not to her,
whom I have also never seen.

Marie Adler

I want you to send the Honorable the contract or a proof that I have signed,
granting you, my copyright. Also, send you the proof of arbitration from the
institution or organization that you are a member of, which says that you can
violate a federal law without paying the consequence. Neither in California nor
anywhere in the United States can you or anyone else violate a federal law,
and get away with it.

Your Honor please do not withdraw the case from Marie Adler, I challenge her
to show you an agreement that says she could infringe my copyright. There is a
distribution agreement with Adler & Associates Entertainment but not an agreement with
her individually.

Thank you.

Rafael Jorge.
